Welcome to Lightroom Classic

We're excited for you to check out the latest features and updates.

GPU Accelerated Editing

Lightroom Classic uses your GPU to make editing more responsive. Improvements are most noticeable in photos with several adjustments and/or on high resolution (4K and higher) monitors.

Color Labels for Collections

Add Color Labels to Collections, Collection Sets, and Smart Collections.

Export photos in PNG

You can now export in the PNG format. Importing of PNG is already supported.

Library Performance Improvements

Library Module performance improvements, particularly noticeable in the Folder Panel.

Batch Merge for HDR and Panoramas

Stacking sets of photos and then selecting the stacks and selecting the appropriate merge option (HDR or Panorama) will create an HDR or Panorama for each stack.
